Association pour la Recherche sur les Tumeurs de la Prostate (ARTP)

18 Nov 2015 . Palais des Congrès, Porte Maillot, Paris

BACKGROUND

After Gardasil vaccination, a 16 years old Australian (*Little DT, 2012*) and a 18 years old French Jennifer Sellier (*rrère d'Encausse M*

Ca

, 2015

) developed a premature menopause and sterility. Four more Australians were further reported

(*Little DT, 2014*

). In September 2015, the
